

TUXEDO IS AWARDED \$6,000 GRANT!

Tuxedo Union Free School District has been awarded a \$6,000 Grant by the Gene Haas Foundation! This grant is to support scholarships and NIMS credentialing for students interested in STEM based opportunities and manufacturing programs. The scholarships will be given to students currently enrolled in or willing to enroll in a machining based training and/or engineering program at the postsecondary level. Students at the George F. Baker High School were presented the check by Kathy Looman, Foundation Administrator of the Gene Haas Foundation and Marty McGill, Vice President of Allendale Machinery Systems.

Thank you to the Gene Haas Foundation for this wonderful opportunity!!
