

February 23, 2012
Mr. Johh Ledwith
Building Inspector
Village of Tuxedo Park
rg: Zgonena Berm
via email address: jledwith@tuxedopark-ny.gov

Dear Mr. Ledwith,

As you know, I have been asking for help from the Village of Tuxedo park for relief from the unauthorized and hazardous berm constructed near my property by Mr. Robert Zgonena for approximately 18 months.

Despite your efforts and the efforts of the B.AR., no remediation of the "berm issue" has been implemented.

I do understand that as a resident of Tuxedo Park, I should enjoy the same rights and protections as any other resident.

There is no basis for the village to have allowed the berm to be constructed. There are, however, many reasons for the Village to become pro-active in the remediation of the berm.

At this point. I insist that you, the Village Engineer, the B.OT. and Mayor Wilson address this "berm issue" at once. I have trusted that the Village Government of Tuxedo Park would protect my rights, now I am insisting that the Village become actively involved in this situation.

With respect,
Steven Maurer
